CT Early Learning Development Standards

We will be working on:

Cognition - Cognitive Flexibility:

Children will be encouraged to complete critical thinking everyday tasks such as problem solve to get something too high or open a hard container

Cognition - Initiative and Motivation:

Children will be encouraged to maintain interest in learning environments over longer periods of time

Social and Emotional Development - Relationship with Adults:

Children will be encouraged to communicate needs with teachers and work with teachers to navigate their day

Social and Emotional Development - Sense of Self:

Children will be encouraged to talk about characteristics of themselves and their likes and dislikes

Social Studies - Social Studies:

Children will be encouraged to talk about themselves and their families in relation to others. Children will explore similarities and differences between cultures.

Home School Connection

Take a walk around the neighborhood with your child and explore the trees and flowers blooming. Encourage your child to talk about things they like and dislike. Talk about the similarities and differences between your child and everyone else in their family. Encourage independence and trust, that adults will be there if they need help.
